

Sungrow Profile

Sungrow Power Supply Co., Ltd (“Sungrow”) is a global leading inverter solution supplier for renewables with over 68 GW installed worldwide as of June 2018. Founded in 1997 by University Professor Cao Renxian, Sungrow is a leader in the research and development of solar inverters, with the largest dedicated R&D team in the industry and a broad product portfolio offering PV inverter solutions and energy storage systems for utility-scale, commercial, and residential applications, as well as internationally recognized floating PV plant solutions. With a strong 21-year track record in the PV space, Sungrow products power installations in over 60 countries, maintaining a worldwide market share of over 15%.

As a leader of innovation in the solar industry, Sungrow possesses a dynamic R&D team which consists of over 800 employees. The company has also invested its own in-house testing center approved by UL, CSA, TÜV Rheinland, and TÜV SÜD. In 2018, Sungrow launched a new inverter factory in India with 3GW annual capacity.

Offering a wide range of solutions and services, Sungrow is committed to provide clean power for all and is steadfast in its efforts to becoming the global leader of power conversion technology. Learn more about Sungrow by visiting www.sungrowpower.com.
